#### 第一节:

##### Take Exams Honestly

Nowadays many students care too much about high grades, resulting in growing inappropriate behaviors in exams. As far as I am concerned, taking exams with integrity is necessary.

Honesty is considered as one of important Chinese traditional virtues. As a student, we should avoid cheating in every exam, which is a right way to demonstrate our integrity. In other words, the process of learning is more meaningful than getting a seemingly perfect but unreal result.

All in all, it is high time that we should value honesty.

#### 第二节:

**Then came the time for Alexander to sing with his group.** He didn't want to sound too loud. Instead, he thoroughly enjoyed singing with the others, trying his best to integrate his voice with theirs. Finally, Mr. Robeson asked the kids about their performance experience, music lessons and trainings. All Alexander could say was, "I just really enjoy singing, but I want to learn more and practice more." He knew his answer was not perfect, but he was willing to do whatever it takes to become a better singer in the choir.

**Finally Mr. Robeson told Alexander that he made it, not Kevin.** There must have been some mistake. "How did I make it, Mr. Robeson?" asked Alexander in disbelief. "Well, you love singing. Although your voice isn't the best, with training it will improve." "But, what about Kevin?" Alexander asked. "Talent alone is not enough," said Mr. Robeson. "After all, we weren't looking for soloists." Alexander now understood that hard work and right attitude made a difference. He couldn't wait for the choir practice in the coming week.
