***Hello, everyone! Welcome to Australia. I'm Oliver, your tour guide. The Great Barrier Reef, off the east coast of Australia, is the world's largest and longest coral reef ecosystem. It was declared a World Heritage area in 1981. It was famous for its fantastic corals and speical scenery under the water.***

**Snorkelling is the best way to explore this *pure magic* place. Once you dive down, the continuous and fantastic corals will come into your eyes, shaped like fans, mushrooms, the branches of trees etc. You can see a variety of small colorful elegant fish, which swim freely in the waving long thin seaweed. You can also see a wide range of creatures especially large wise-looking turtles, making your trip worthwhile. Seeing such extraordinary beauty, I think every cell in your body will wake up.**

**I hope you will enjoy a wonderful day! Thank you.**

# Assignment

Suppose yesterday you visited the Ocean Park of Hangzhou with your family. Write a diary , according to the given pictures or your own experience.

**10th August**

***Yesterday, I went to visit the Ocean Park of Hangzhou with my family. It was the most fantastic thing I have ever done.***

***In the park, I admired the fantastic corals as well as various neat and elegant fish swimming freely in the waving long thin seaweed. I especially admired lovely penguins walking stiffly and clever sea lions hidden in the water. What impressed me most was watching the dolphin show. Suddenly a naughty one in the water tank opened his mouth towards my younger sister, which scared her to death and burst into tears. Seeing such extraordinary beauty, I think every cell in my body woke up.***

***This is a place of pure magic. Any creature under the sea should be protected by us .***
