Dear Chris,

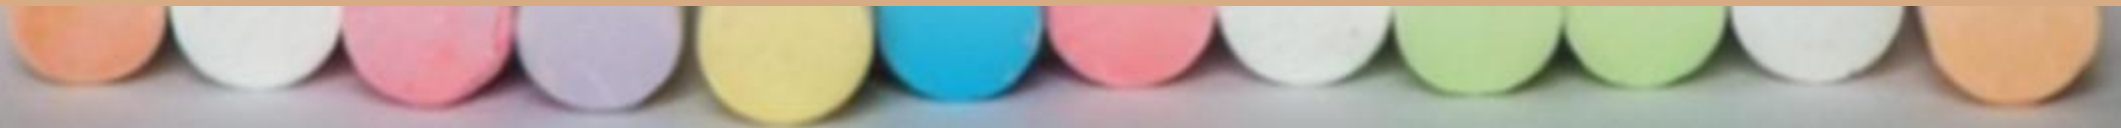

How is everything going? I've been busy with the preparation for a speech/presentation in my English class, and I badly need your help to recommend a website to me. (31)

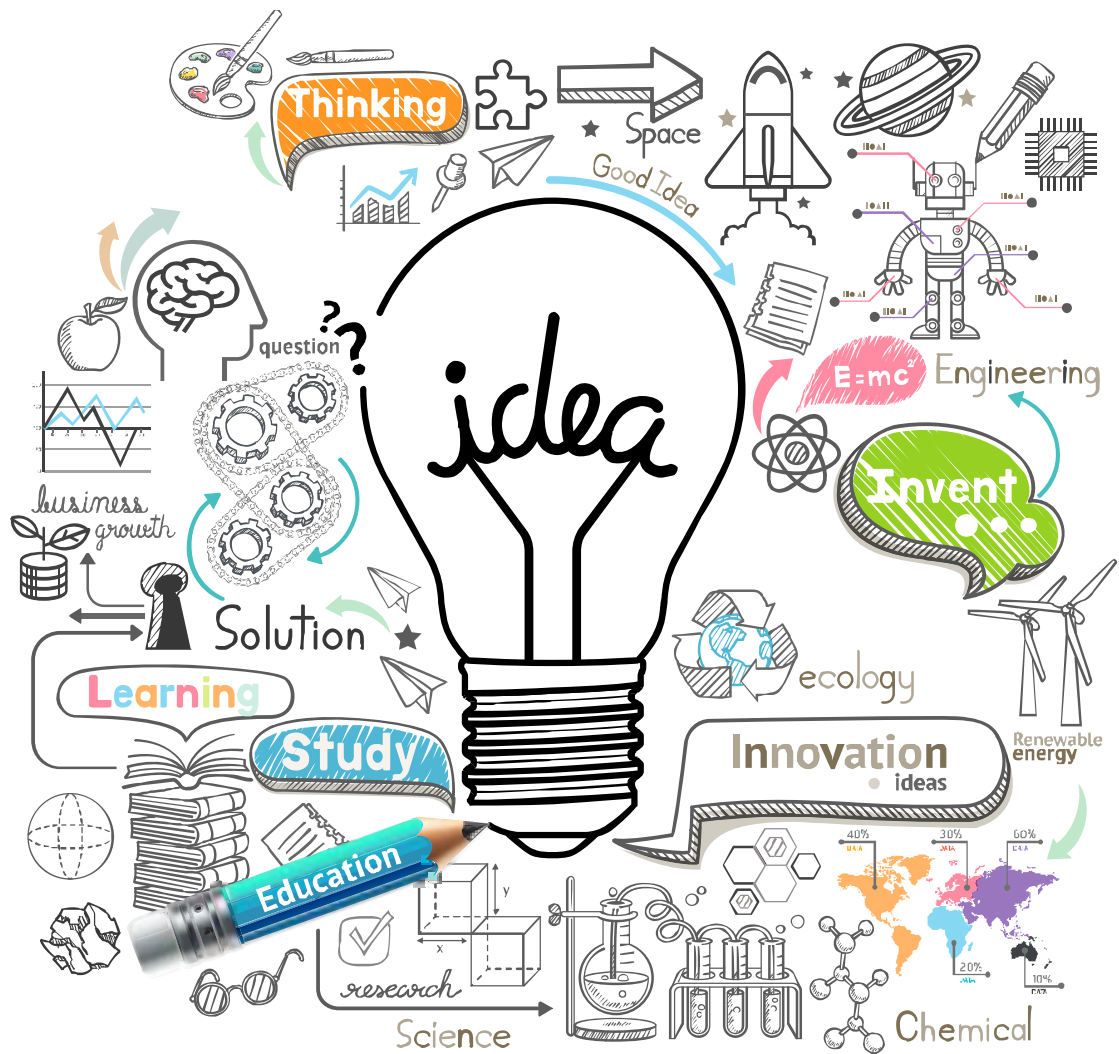

The website should focus/centre on British cuisine, which exposes readers to typical British dishes with their history and the stories behind included. Also, texts about how the foods are made combined with relevant pictures and videos are preferred. Of course, what's on the website is expected to be easily accessible and downloaded. (52)

Thanks in advance and looking forward to your early reply.

Yours,

Li Hua (13)
