3. Think creatively and critically

- Among American singers, when it comes to exquisite daintiness and ravishing beauty, none can be compared with Jewel.
- It is a happiness to dream of such a beautiful, caring, considerate and dignified and elegant lady as Jewel as his wife, who who will roll if her husband wants to rock, who will slow down if he wants to, who will visit any places with him if his mood allows them to. Such a wife is an angel.
- Jewel is my icon because of her beauty, capability and glamor, but also because this song is an ode to a unique love, which can only be dreamed of by most couples.
