

an advanced city

Wuhan

hot-dry noodles

There is an **outbreak** of disease that started in Wuhan. A lot of them are **infected**. And **the number of** infected people **is** still increasing throughout China.

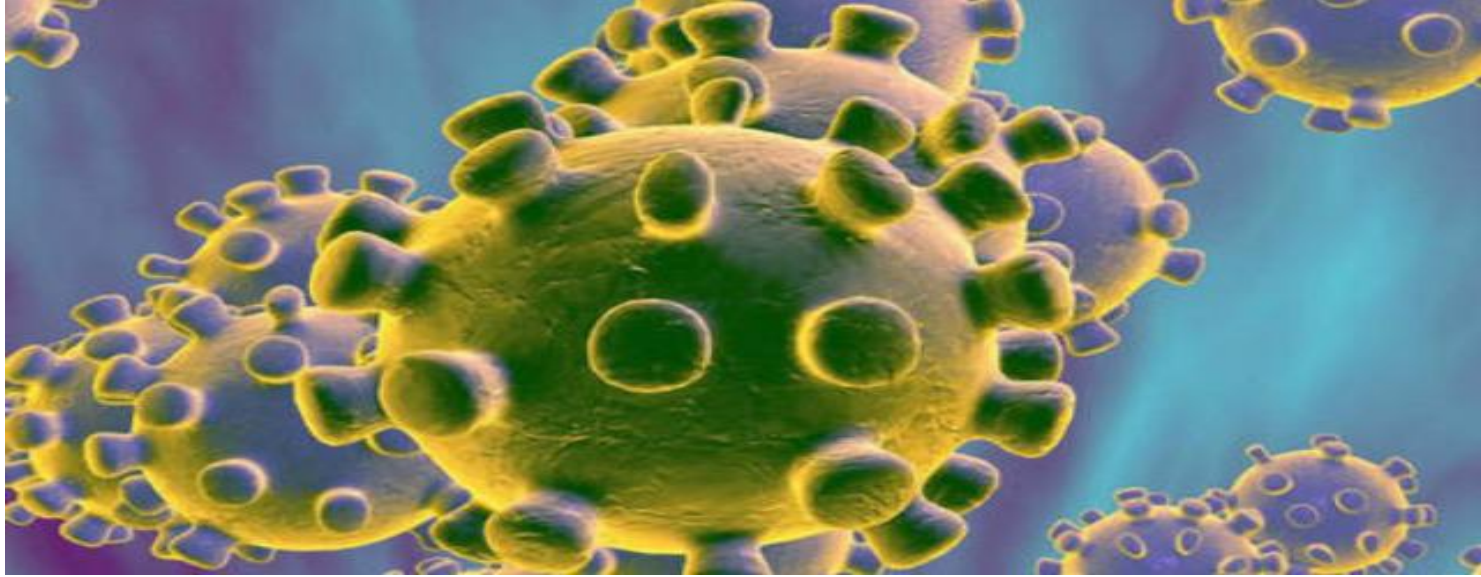

It is caused by a **novel** corona virus that means it is so **brand-new** that **actually** it doesn't have a name..

outbreak 爆发 n

novel 新奇的 adj

infect 感染 vt

brand-new

a **novel coronavirus** [kə,rəʊnə'veɪərəs]

crown 王冠, 皇冠

病毒

冠心病 (冠状动脉性心脏病)

Coronary Heart Disease

WHO (World Health Organization)
named it

2019-nCoV

Origin

This **brand new coronavirus**, which is the same family as the virus that causes SARS, came from wild animals, and **it is believed that** the **source** was **actually** a seafood market in Wuhan, which also sells wild animals.

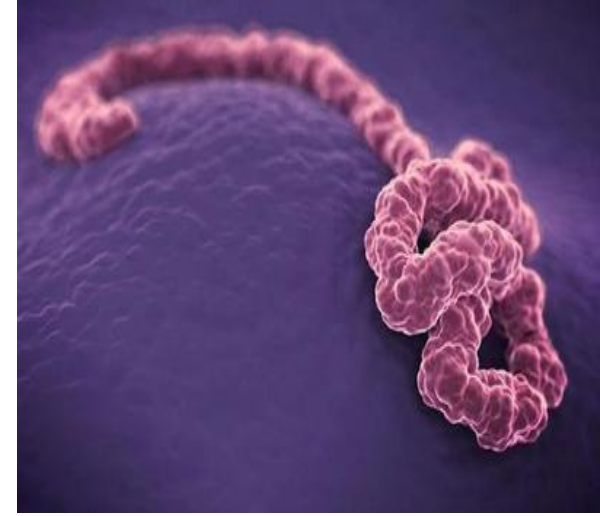

bat

Ebola virus

The Ebola Virus Disease is a **deadly** virus, believed to be caused by wild animals (specifically **bats**) coming into contact with humans.

[fə'tæləti]

Outbreaks of Ebola have a 90% **fatality** rate and there is no known **vaccine** or treatment.

[væk'si:n]

signs and **symptoms** of Ebola:

deadly 致命的 adj

Fever ['sɪmptəm]

fatality 致命的性 n

Aches

vaccine 疫苗 n

Weakness

diarrhea (腹泻) and **vomiting** (呕吐)

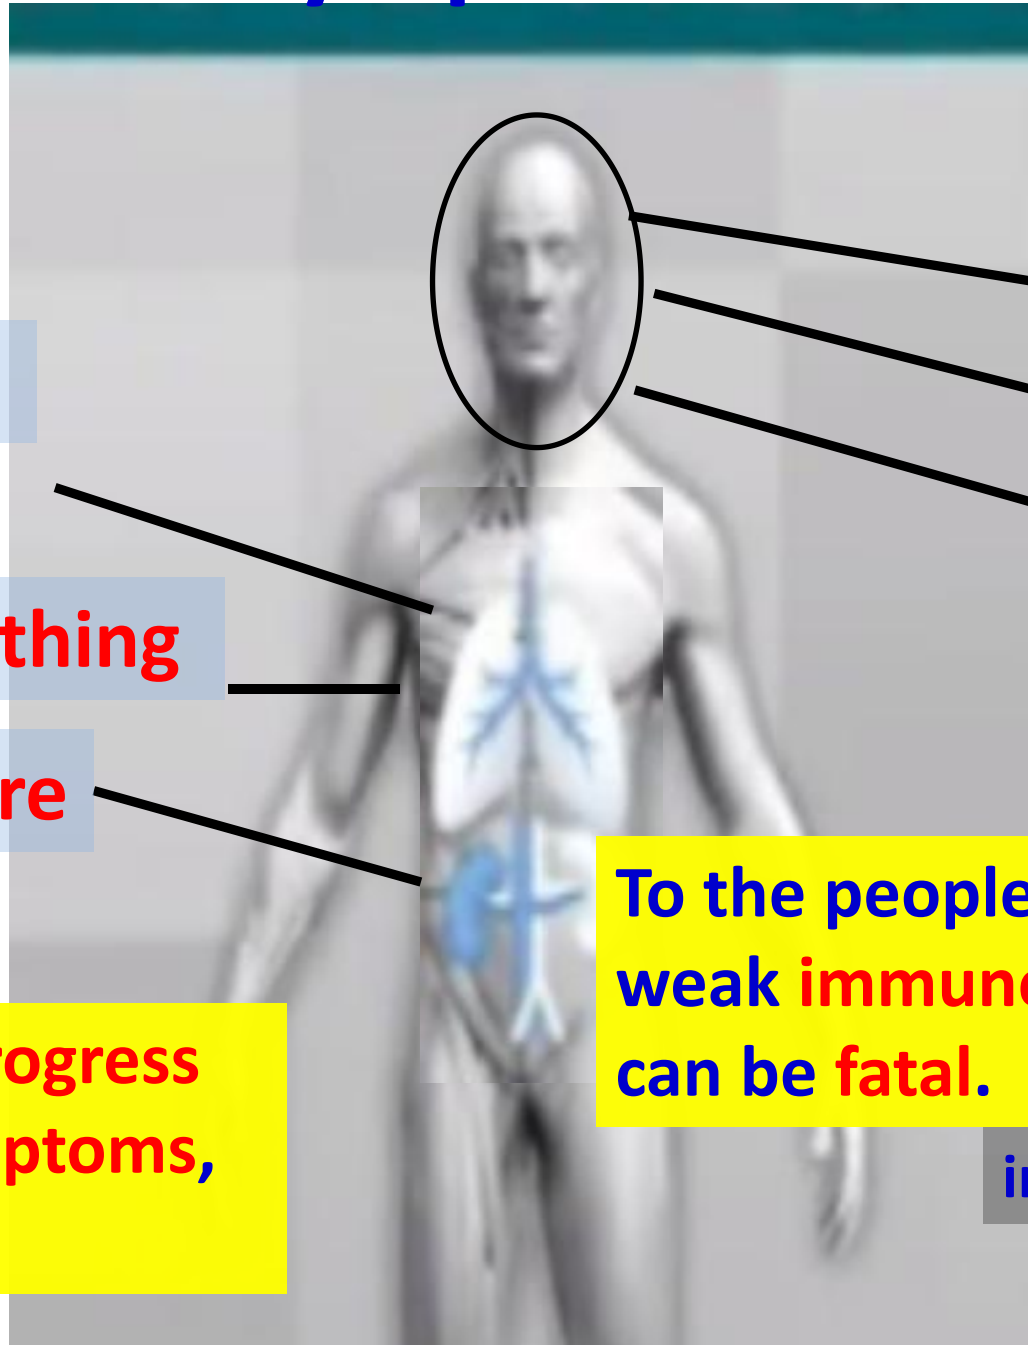

symptom 症状 n

Unexplained bleeding (流血)

What are the **symptoms** of **2019-nCoV**?

The **symptoms** of this illness are pretty common **on the face of it** like **a flu or a cold**: it is a dry **cough, fever** and then breathing problems.

symptoms

severe

mild

pneumonia

[nju: 'mæʊniə]

肺炎 n

headache

fever

cough

trouble breathing

kidney failure

['kɪdni]

肾脏 n

To the people who has weak immune systems, it can be fatal.

Then it will progress to severe symptoms, such as.....

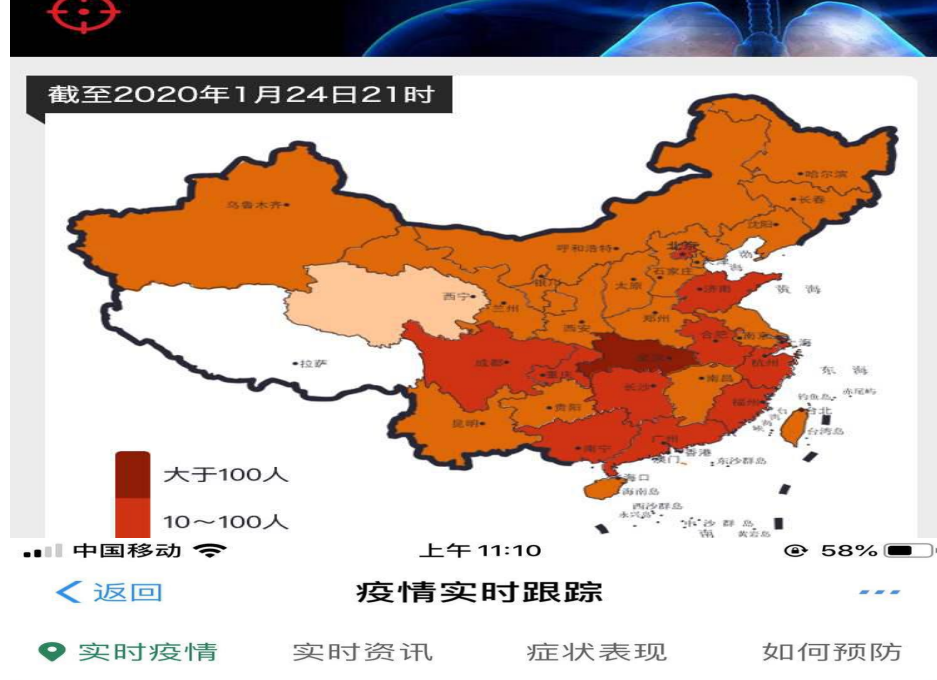

immune system

免疫系统 n

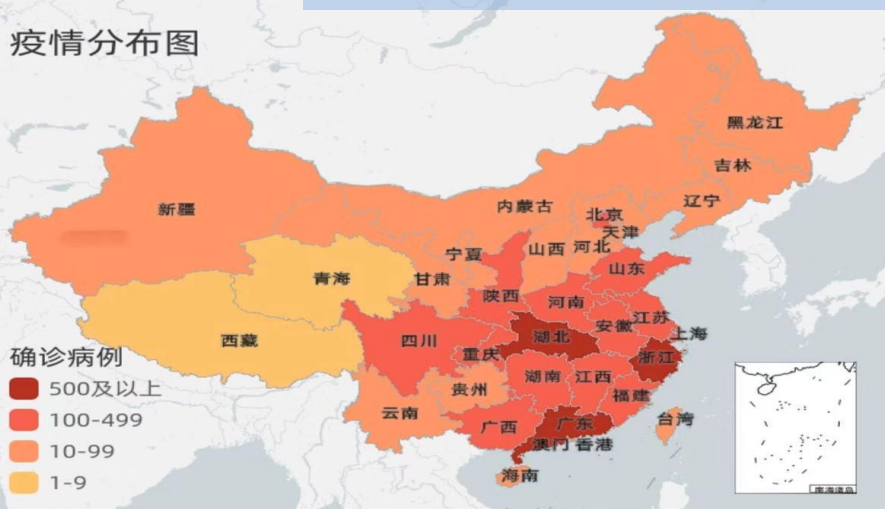

infectious disease

epidemic disease

疫情分布图

国外疫情

| 地区 | 确诊 | 死亡 | 治愈 |
|------|----|----|----|
| 泰国 | 19 | | 7 |
| 日本 | 17 | | 1 |
| 新加坡 | 16 | | |
| 韩国 | 12 | | |
| 澳大利亚 | 10 | | 2 |
| 马来西亚 | 8 | | |
| 德国 | 7 | | |
| 美国 | 7 | | |
| 法国 | 6 | | |

How is the novel coronavirus **transmitted**?

It was discovered and **confirmed** by **experts** that the **novel coronavirus** is actually **transmitted** from one person to another. So we've got **people to people transmission.**

人传人

transmit 传播 vt

confirm 确认 vt

coughing

sneezing

contact with the infective surface

It will spread through.....

Is there any treatment **available** now?

There actually isn't any **effective** treatment at the moment at all, because it is a **virus** and it is **novel**. **Antibiotics**(抗生素) won't **work**. They only work against **bacteria** rather than viruses. But now, a team of many experts in Texas, New York and China are working together to develop a **vaccine** for **coronavirus**.
[væk'si:n]

The best way to **avoid** it is to **isolate yourself** at home.

bacteria 细菌 n

隔离自己

How to protect ourselves?

The best way to **avoid** it is to **isolate yourself** at home

Words and phrases:

fever
cough
bat

monster
dinosaur
ninja

Are you joking ?
be sacred

How to protect ourselves?

The best way to **avoid** it is to **isolate yourself** at home.

Wash hands often.

Wear **face masks**.

Don't eat wild animals.

The best way to **avoid** it is to **isolate yourself** at home.

People **get addicted to phones.**

#全国确诊新型肺炎病例# 今天我很遗憾的看到世界卫生组织总干事谭德塞决定，将于1月30日（今夜）就新型冠状病毒疫情（2019-nCoV）召开紧急委员会会议。（北京时间星期五凌晨2:30分）重新决定是否将中国列为PHEIC疫区国，如果一个国家实质上被世界列为疫区国，甚至任何各国船舶飞机交通工具经停此国，将视为经过疫区，回去必须接受特殊疫区观察，出口货物商品都将视为疫区国产品，被世界市场所排斥，外资和外商主动撤离，任何疫区的国际活动交流都将停止。自《国际卫生条例(2005)》生效以来，世界卫生组织一共宣布了五次“国际公共卫生紧急事件（PHEIC）”，且一旦宣布，便会刺激疫情国家并重创其经济。此刻，我为我的祖国祈祷。

phubbing

People **get addicted to**.....

People love **sleep-ins**.

Well equipped youth lead to a powerful China!

Everyone can get sick, so please don't **isolate** **Wuhanese** and anyone who is connected to Wuhan. You cannot **discriminate** against the patients, because this behavior will make those patients **ashamed of** themselves, so as to hide the illness and **reject** to protect others. We are against the virus, not Wuhanese . The more **emergency arises**, the more need for calmness, **humanity** and **unity**.
